components, 350–351
clicks, 353–354
definition, 349
high-performance, 351–353
attributions, 356–358
authoritarianism, 363
authority, 214
avoidance learning, 426

B
bad decisions, 188–190
balance sheets, 327
balanced scorecard, 321
bargaining power of buyers and suppliers, 158
BARS (behaviorally anchored rating scale), 292–293
base of the pyramid, 117
Because I Said So, 535
behavior modification, 425
behavioral approaches to understanding leadership
leadership grid, 389
Ohio State studies, 388
task-oriented and people-oriented behavior, 387
University of Michigan studies, 388–389
behavioral component of attitudes, 350
behavioral decision styles, 188
behavioral sciences approach, 33
behaviorally anchored rating scale (BARS), 292–293
benchmarking, 33–34, 334
benefits, 294
bias
ethnocentrism, 304–305
prejudice, discrimination, stereotypes, 302–304
Big Five personality factors, 358–359
big hairy audacious goal (BHAG), 149
blogs, 199, 452, 464
bottom-of-the-pyramid (BOP) concept, 117–118
boundary-spanning activities, 55–56
bounded rationality, 179
brainstorming, 191
brainwriting, 191
bribery, 112–113
budgetary control, 326–327
bureaucracy, 27
bureaucratic organizations, 26–27
business intelligence, 55
business intelligence software, 194
business performance dashboards, 150–151, 198
business process aspect of balanced scorecard, 322
business process reengineering, 235
business-level strategy, 157–161
buyers and bargaining power, 158
certainty and decision making, 176
change
agent, 260
changing nature of careers, 276–280
changing people and culture, 256–260
changing social contract, 276–278
corruption, 265
communication and education, 264
culture change, 257, 259
force-field analysis, 263–264
implementation tactics, 264–265
management support, 265
need, 260–261
negotiation, 265
participation, 265
people change, 256
product change, 248
resistance, 261–263
technology change, 248
training and development, 257
